## Profile

I am eager to apply my academic knowledge and programming skills to gain practical experience in the industry. I am committed to learning and growing as a professional, and I am enthusiastic about contributing to projects that utilize the latest technologies in the field. Seeking an opportunity that allows me to work with a collaborative team and develop real-world solutions to complex challenges.

## Education

**B.TECH - IT, GMR INSTITUTE OF TECHNOLOGY** 2020 – 2024  
CGPA:8.2

**INTERMEDIATE, SASI JUNIOR COLLEGE** 2018 – 2020  
CGPA:9.5

**10TH, SRI CHAITANYA TECHNO SCHOOL** 2017 – 2018  
CGPA:10

## Professional Experience

**Working as Intern in Hippo Cloud Pvt Ltd** Vishakapatnam

## Skills

Java

HTML

CSS

Java Script

## Projects

**Identification of Plant Disease Detection through supervised machine learning** 07/2022 – 11/2022  
Identifying the healthy and unhealthy leaves in plants by using machine learning techniques

**Plant Disease detection and Crop recommendation using Deep Learning** 12/2022 – 03/2023  
This model Identifies which crop is suitable for the particular soil, conditions and also detects the plant diseases

## Certificates

Machine Learning (Classification,Regression,Clustering) in coursera platform

Machine Learning in AWS

## Publications

**Identificatoin of Plant disease through supervised machine learning**

Published in IJRPR

26/11/2022

**Plant Disease detection and Crop Recommendation using Deep Learning**

Published in IEEE Conference

04/05/2023

## Languages

English

Telugu

Hindi

## Interests

- Travelling

- Playing Badminton

- Web Development
